

# KIPU

**Anderssen & Voll** | 2014

They were created among waves, and time and the wind have smoothed them and made them precious. Pebbles. And it is so wonderful to hold them and feel that nature and man love the same shapes. Anderssen & Voll have gone back to their childhood, and thinking of the pebbles they collected on beaches in Norway, they have designed a wonderful collection of poufs. They are the amazingly versatile KIPUs, which alternate in compositions thanks to an exciting variety of shapes and colours. Relaxation, comfort and energy. One pebble after another, like walking on water.

## ED06 | Mini pouf 48x48 H45

Pouf with moulded polyurethane foam double density and polyester fiber, all fire-retardant, with protective water-resistant and breathable fabric layer and finished with UV stable outdoor fabric. Base in marine plywood with glides in polypropylene. Water-resistant protective covers are available.

### use and maintenance instructions

Outdoor fabrics are lined unglued, therefore any creasing in the upholstery is an inevitable consequence of use and cannot be considered grounds for any claims. To prolong the life of the product, clean the surfaces regularly, dry them with a clean cloth and remove any stagnant water, especially if exposed in locations with a high level of humidity or a marine climate.

When not in use, we recommend storing in sheltered places and covering with waterproof protection. In this case, it is advisable to remove the cover and ventilate the product frequently and regularly to avoid the onset of any mould or stains due to damp.

THE WARRANTY WILL NOT COVER DEFECTS OR IMPERFECTIONS RESULTING FROM THE PASSAGE OF TIME OR TO WEAR AND TEAR DUE TO THE NORMAL USE OF THE PRODUCT.
